

A Message from Town of Hopewell Supervisor Ted Bateman

Dear Hopewell Residents and Businesses,

It is my hope that this update finds each of you doing well given the unique situation we are all facing. I understand that this is a challenging time for all those in our local community, state and nation. With that said, I am confident that as Americans we will pull together as we have at pivotal times in our history.

Please consider the following and join me by taking the following actions in the days and weeks ahead.

1. **Help Slow the Spread** – Take a few moments to follow the direction of the CDC by following the President’s “**15 Days to Slow the Spread**” action guidelines for Covid-19. You can find this helpful information at www.coronavirus.gov . What a great thing to share with those around you.
2. **Stay informed** – Hype and false information helps no one, but it can make a difficult situation worse. Consider getting your information from official channels and websites. The town website features contact information and links for local, state and national health departments for your use.
3. **What does your neighbor need** - Let’s work together as a caring community as we always have. Even a kind word and a bit of patience can bring hope in a difficult time.
4. **Help your Neighbor** - Check-ins on those in need can have a significant impact on those in our community. Please be aware of your neighbors and how they are doing. A simple call to check in on those who are disabled or are home bound could have a positive and profound impact on their wellbeing. Offer as much assistance as you possibly can.
5. **We are here for you** – As your Supervisor I want to assure you that all essential staff is hard at work. While we are taking precautions to prevent the spread, we are still conducting business. Please check the Town Website and contact individual departments for specifics.

If you or someone you know is still in need of non-emergency assistance please contact me @ 585-577-7927 and I will do my best to help.

Keep the faith and I pray every day that we all remain well!

Sincerely,

Ted Bateman

Supervisor Ted Bateman
